

PHASE IV RESERVATION POLICIES

EFFECTIVE 7/6/2020 UNTIL FURTHER NOTICE | UPDATED 4/8/2021

- Reservations are required for all parties, including seats at the bar; please call ahead.
- The size of a party seated at a table cannot exceed 6 people. Tables cannot be pushed together to accommodate a larger party.
- Due to limited seating, all parties require a credit card number to hold the reservation. If you do not call in advance to cancel your reservation and do not show, your credit card will be charged a \$35 per person “no call, no show” fee.
- Reservations are available from 5-9 pm. All tables are given a 90 minute time limit per state regulations.
- You can make a reservation for a table inside or outside. In case of inclement weather, all outside tables will have the option to dine inside. If you do not wish to dine inside in this case, please call to cancel or postpone.
- All tables are positioned so to maintain at least a 6 foot distance from all other tables. Tables may not be moved for parties to be closer than 6 feet. All customers must remain seated except for traveling in and out and using the restroom. Please keep your children seated at the table at all times.
- Masks are required for all guests over the age of two. Customers may only remove face coverings in the actual act of eating and drinking. Face coverings are required at all other times while seated at tables and when waitstaff are present at tables.
- Patrons may only be served at the bar for seated dinner service. Parties seated at the bar must be spaced at least six feet from other patrons.
- During cooler weather, heaters are set up in proximity to all outdoor tables. For indoor dining we have HEPA certified air purifiers in all dining areas. To increase ventilation per state and public health guidelines, indoor dining areas may have open windows and/or doors. Please take this into consideration when planning your visit and dress accordingly for dining inside or out.
- If you arrive early for your reservation, please stay in your car until the time of your reservation (no bar or waiting area permitted). You may call from your car if you arrive early to see if we are able to seat you early.
- Do not come if you are feeling unwell, including COVID-19 symptoms (fever of 100.3 or higher, shortness of breath, cough, new loss of scent or taste) as well as any symptoms that could generate respiratory droplets, including a cough or sneeze from allergies.
- Alcohol-based hand sanitizers with at least 60% alcohol are provided at entrance/exit and on each table for your use.

We look forward to your visit!
